

RÉSUMÉ

Third year undergraduate student studying pure mathematics at Université Grenoble Alpes (UGA), on exchange to the National University of Singapore (NUS), interested in algebra and topology research.

EDUCATION

- 2022 - 2025 **Undergraduate Degree** **Université Grenoble Alpes**
Undergraduate Degree in pure mathematics at UGA and NUS. First two years in the "International Computer Science and Mathematics" special program at UGA and third year studying mathematics at NUS.
- 2019 - 2022 **General Baccalaureate** **Lycée International Ferney Voltaire**
International Option of the French Baccalaureate, mention "Very Good". Specialised in "Numerical and Information Science" and Mathematics with "Expert Mathematics" option.
- 2017 - 2020 **Preperation for the Mathematical Olympiads** **Ecole Normale Supérieure de Lyon**
Regularly spent weekends participating in French Math Olympiads Team preparation hosted at the Ecole Normale Supérieure de Lyon.

EXPERIENCE

- 2024 **Tutoring** **Teach Singapore**
 - Tutored lower-income secondary school students in math, science, and english ahead of their exams as part of a volunteering program at the National University of Singapore.
- 2024 **Finite Algebra Internship** **Institut Fourier**
 - Internship on the algebra of finite fields and self-correcting Gabidulin codes under the "stages d'excellence" program at the "Institut Fourier", a pure mathematics laboratory in UGA.
- 2023 **Numerical Analysis Internship** **Laboratoire Jean Kuntzmann**
 - Internship on errors in floating-point approximations and numerical interpolation under the "stages d'excellence" program at the "Laboratoire Jean Kuntzmann", an applied mathematics and computer science lab supported by UGA.
- 2021 **Python Dashboard Project** **Université de Genève**
 - Created a dashboard using python for a researcher at the World Health Organization to monitor human-animal interactions, with a team of highschool and university students as part of a summer school on health solutions at University of Geneva.
- 2017 & 2018 **French National Math Olympiad Team Bootcamp** **Animath**
 - Participated in one-week intensive camps for French Math Olympics Team preparation with Animath, selected based on competition results and hosted by the Ecole Normale Supérieure de Lyon in Cachan.

LANGUAGES

English - mother tongue, **French** - C2+, **Mandarin** - C1, **German** - B1.
Programming: Rust, Ocaml, C, Elm, Python.

SPORTS

Bouldering - (U-Grimpe at UGA, NUS House Games Rep.), **Ice Hockey** - (USTS-HC.ch),
Sea Kayaking - (Canada Paddle 1 Certified), **Badminton** - (Tembusu College).
